Sometimes we need a helping hand.

Robert Weiner helps his wife, Patricia Berg, get on the blocks and cheers her on during all of her races, including the 50 breaststroke yesterday at Spring Nationals. Berg, 80, got sixth place.

Weiner and Berg, who have been married for 30 years, support each other in their athletic endeavors. Berg began competing in Masters events three years ago, and Weiner does track and field events. They enjoy that competitions allow them to meet like-minded people and don't plan to slow down anytime soon.
